Young Professionals

ABOUT THE SUMMIT

Since 1999, the National Urban League Young Professionals have boasted upwards of 40,000 Young Professionals throughout the United States. These Young Professionals who are 21-40 years old volunteer their time, monies, and talents to serve and enhance the Urban League Movement and themselves through professional development, leadership training and service to their communities.

Annually each region throughout the United States hosts summits to motivate, rejuvenate, and educate its Young Professionals. The purpose of the Western Region YP Summit is to further develop the leadership potential of current members and supporters.

This year the Greater Sacramento Urban League Young Professionals is bringing the Western Region YP Summit to the Capital City March 9 - 11, 2017. We will feature tours of Downtown Sacramento, Golden 1 Center and offer attendees breakout sessions aimed at giving them the tools they need to be successful Young Professionals in their communities.

The Western Region Summit is only possible thanks to the support and participation of sponsoring companies like yours. We have put together this sponsorship prospectus to help your company make the most of its investment. Each level has an array of recognition and benefits for your company.

Please consider becoming a sponsor and making an impact on the Young Professionals coming to Sacramento and the ones that are already living and working in the area.
